Reading Passage

En mi jardín hay muchos insectos. En las flores, siempre veo una abeja buscando néctar. A veces, una bonita mariposa de colores vuela cerca de mí. En el suelo, hay muchas hormigas trabajando juntas. No me gustan mucho las arañas, pero a veces veo una en la esquina del jardín. Una vez, encontré un escarabajo negro debajo de una piedra. Los insectos más molestos son las moscas.

Questions

1. What can always be seen on the flowers?

Answer: a bee looking for nectar
