Reading Passage

Bonjour, je m'appelle Tom. Ma matière préférée est l'histoire parce que j'aime apprendre sur le passé et les guerres. C'est très captivant. J'aime aussi la géographie. J'aime découvrir les pays du monde et les montagnes.

Je n'aime pas la chimie parce que les formules sont très compliquées. Mais j'adore l'informatique parce que je peux coder et créer des sites web. L'anglais est ma matière préférée aussi, car je veux voyager aux États-Unis et parler anglais.

Questions
