

Part 1: Role-play Practice Hub

Page 19 of ~30: Time to Apply the Strategy

HUB

How to Use Your Practice Cards

Strictly follow the 15 minute preparation rule!

To get the most value from these pages, use a timer. Give yourself **3-4 minutes max** to plan the Role-play on each card, just like you would in the real exam.

Foundation Tier Reminder

You must use a **verb** for each of the five tasks. Stick to the **Present Tense** for maximum safety and marks (Page 6).

- **Focus:** Clear communication (AO2).

Higher Tier Reminder

One task will require a **Past** or **Future** time frame. Identify this task first and prepare your complex tense carefully (Page 6).

- **Focus:** Clear communication (AO2) and Tense control.

Self-Assessment Checklist

After you practice the Role-play, check your script against these points:

- Did you include a verb in your response to **every** task?
- Did you successfully complete the task that required you to **ask a question**?
- For Higher Tier: Did you correctly use the required **past or future tense**?

- Is your Spanish response clearly comprehensible?
